

Azure Haven Hotel & Bistro

Synthetic Knowledge Base for a RAG Project

A fictional 26-section hotel and restaurant knowledge base containing operational, location, food, service, policy, and guest-assistance information. Created specifically for learning and testing Retrieval-Augmented Generation.

1. Property Overview

Azure Haven Hotel & Bistro is a fictional 4-star city hotel located at 18 Marina View Road, Kochi, Kerala, India. The property combines 72 guest rooms with an all-day restaurant, rooftop dining area, meeting rooms, a small fitness centre, and guest support services.

The hotel operates 24 hours a day. Reception is staffed continuously. Standard check-in is 2:00 PM and standard check-out is 11:00 AM. Early check-in and late check-out are subject to availability and may carry a charge.

The hotel is designed for business travellers, families, couples, and small corporate groups. The property is approximately 3 km from the city railway station, 5 km from the main bus terminal, and 31 km from Cochin International Airport.

2. Location & Directions

The hotel is in the fictional Marina View district near the waterfront. The nearest major landmark is Harbour Square, approximately 1.2 km away. The receptionist can arrange taxis and can provide directions to the railway station, airport, shopping areas, and tourist attractions.

Airport transfers can be arranged through the front desk. Guests should provide flight number, arrival time, passenger count, and luggage details. Transfer confirmation is normally issued by reception after availability is checked.

For guests using public transport, the closest metro-style transit stop is Marina Junction, approximately 900 metres from the hotel. Auto-rickshaws and app-based taxis are commonly available in the area.

3. Room Categories

The property has 72 rooms: 24 Deluxe King rooms, 18 Deluxe Twin rooms, 12 Premium King rooms, 10 Family rooms, 6 Executive Suites, and 2 Accessible rooms.

Deluxe rooms include Wi-Fi, work desk, television, tea and coffee facilities, bottled drinking water, wardrobe, safe, and bathroom amenities. Premium rooms add a larger work area and city or partial waterfront view.

Family rooms are designed for up to four occupants subject to the hotel's occupancy rules. Executive Suites include a separate sitting area and upgraded bathroom amenities.

4. Check-in, Check-out & Identification

Guests must present a valid government-issued photo identification document at check-in. International guests may be asked for passport and visa information according to applicable requirements.

A refundable security deposit may be requested depending on booking type and payment method. The deposit is released after check-out once room charges and incidental expenses are settled.

Requests for early check-in before 12:00 PM are not guaranteed. Late check-out until 2:00 PM may be available for a fee, while later requests depend on occupancy and management approval.

5. Restaurant Overview

Azure Table is the hotel's main all-day restaurant. It serves breakfast, lunch, dinner, beverages, and selected room-service items. Seating capacity is 96 guests indoors and 34 guests on the covered terrace.

Breakfast is served from 7:00 AM to 10:30 AM on weekdays and 7:00 AM to 11:00 AM on weekends. Lunch is served from 12:30 PM to 3:30 PM. Dinner is served from 7:00 PM to 10:30 PM.

The restaurant offers Indian, Kerala, continental, and selected Asian-inspired dishes. Menus may change seasonally. Reception can confirm current availability before making a guest recommendation.

6. Breakfast

The standard breakfast buffet includes idli, dosa, sambar, chutneys, bread, eggs made to order, fruit, cereals, yoghurt, tea, and coffee. Some items may vary by day.

Guests with room packages that include breakfast can use their room number for verification. Walk-in breakfast is available subject to capacity and the applicable published rate.

Vegetarian and selected vegan options are available. Guests with severe allergies should inform restaurant staff before ordering because the kitchen handles multiple ingredients.

7. Lunch Menu

Lunch highlights include Kerala fish curry, vegetable stew, chicken biryani, paneer dishes, grilled chicken, salads, sandwiches, and seasonal specials.

The restaurant can accommodate common preferences such as vegetarian, less spicy, and no-onion requests when operationally feasible. Special requests should be communicated before the order is confirmed.

Corporate lunch groups can request set menus. For groups larger than 15 people, advance coordination with the restaurant manager is recommended.

8. Dinner Menu

Dinner includes regional Kerala dishes, North Indian selections, continental mains, soups, starters, desserts, and beverages. Popular fictional dishes include Malabar-style chicken, vegetable appam with stew, pepper grilled fish, and coconut pudding.

Dinner reservations are recommended for groups of more than six. Hotel guests may request a table through reception, restaurant staff, or the hotel's internal phone extension.

Room service dinner orders are accepted until 10:00 PM. A limited late-night menu is available from 10:30 PM to 12:00 midnight.

9. Room Service

Room service is available from 6:30 AM to midnight. Breakfast orders for early departures can be arranged in advance where operationally possible.

Guests should provide room number, guest name, desired items, and any dietary requests. Typical delivery time is 25 to 40 minutes depending on order volume.

Room-service trays should be placed outside the room only when permitted by hotel procedure. Guests can also call reception to request collection.

10. Dietary & Allergen Information

The restaurant identifies common allergens on its internal menu reference. Common allergens include dairy, eggs, gluten-containing grains, nuts, peanuts, soy, and seafood.

The hotel cannot guarantee an allergen-free environment because the kitchen processes multiple ingredients. Guests with serious allergies should speak directly with restaurant management before ordering.

Vegetarian dishes are prepared separately where possible, but cross-contact cannot always be completely eliminated.

11. Hotel Services

Core services include 24-hour reception, housekeeping, luggage assistance, wake-up calls, taxi coordination, laundry support, Wi-Fi, room service, restaurant reservations, and local information.

Housekeeping normally services rooms between 9:00 AM and 5:00 PM. Guests may request a preferred service time through reception, subject to staffing and occupancy.

Wake-up calls can be scheduled at reception. Guests should provide the room number and requested time.

12. Wi-Fi & Technology

Complimentary Wi-Fi is available for hotel guests. The network name and access instructions are provided during check-in.

If a guest experiences connectivity issues, reception can provide basic troubleshooting such as reconnection instructions and escalation to the support contact.

The hotel does not guarantee uninterrupted internet availability. Planned maintenance may temporarily affect service.

13. Fitness Centre

The fitness centre is located on the second floor and is open from 5:30 AM to 10:00 PM. Access is limited to registered hotel guests and eligible members.

Equipment includes treadmills, stationary bicycles, cross trainers, free weights, benches, and stretching mats.

Guests should use equipment responsibly and follow posted safety instructions. Children under 16 must be accompanied by an adult.

14. Meeting & Event Facilities

The hotel has three meeting spaces: Coral Room for up to 20 people, Harbour Room for up to 50 people, and Marina Hall for up to 120 people in theatre-style seating.

Meeting packages can include projector, screen, microphones, Wi-Fi, tea breaks, and lunch depending on the selected package.

Corporate or event enquiries should include date, time, expected attendance, seating arrangement, catering requirements, and equipment needs.

15. Family & Child Facilities

Children are welcome. Family rooms provide additional sleeping capacity subject to the reservation's occupancy terms.

The restaurant can provide child-friendly portions for selected dishes. Parents should inform staff about allergies or dietary restrictions.

Baby cots may be requested in advance but are subject to availability. The hotel does not operate a dedicated childcare service.

16. Accessibility

Two rooms are designated as accessible rooms. They are located close to elevator access and include selected accessibility features.

Guests requiring accessibility assistance should mention requirements when booking so the hotel can verify the appropriate room and support arrangements.

Public areas have step-free access routes in the main entrance area. Reception can assist guests who need help with luggage or navigation.

17. Housekeeping & Laundry

Daily housekeeping is included for occupied rooms. Additional towel or linen requests can be made through reception.

Laundry and pressing services are available through a third-party service partner. Collection and return times depend on the service schedule.

Guests should use the laundry form provided in the room and place garments in the designated bag.

18. Parking & Transportation

Limited on-site parking is available for registered hotel guests, subject to availability. Parking is not guaranteed during large events.

Reception can arrange taxis and airport transfers. Guests should allow additional travel time during peak traffic periods.

Drivers collecting guests should use the designated arrival area and follow security instructions.

19. Policies, Payments & Cancellation

Accepted payment methods include major cards and approved digital payment methods. Cash acceptance is subject to the hotel's current operating policy.

Cancellation and refund rules depend on the booking rate and reservation source. Reception should verify the reservation terms rather than promising a refund without checking.

Guests should keep receipts for deposits, restaurant charges, and other paid services until departure.

20. Guest Complaints & Escalation

Reception should listen to the guest, confirm the issue, record relevant details, and either resolve the matter within authority or escalate it to the appropriate department.

For room issues, housekeeping or maintenance may be contacted. For food quality or restaurant complaints, the restaurant manager should be informed.

Urgent safety matters should be escalated immediately to the duty manager and security according to hotel procedure.

21. Local Attractions

Nearby fictional attractions include Harbour Square, Marina Walk, Heritage Market, Coastal Museum, and Sunset View Point.

Reception can provide general directions and arrange transportation. Attraction opening times should be confirmed before giving a guest a firm schedule because external venues may change their hours.

Guests interested in local food can ask reception for recommendations based on cuisine, distance, budget, and dietary preference.

22. Frequently Asked Questions

Q: What time is check-in? A: Standard check-in is 2:00 PM.

Q: What time is check-out? A: Standard check-out is 11:00 AM.

Q: Is breakfast available? A: Yes, Azure Table serves breakfast from 7:00 AM to 10:30 AM on weekdays and until 11:00 AM on weekends.

Q: Is Wi-Fi free? A: Complimentary Wi-Fi is available to hotel guests.

Q: Can I arrange an airport transfer? A: Yes, reception can coordinate airport transfers subject to availability.

Q: Can the restaurant handle vegetarian meals? A: Yes, vegetarian options are available; guests should communicate dietary requirements before ordering.

23. Reception Decision Guide

If a guest asks for current restaurant availability, do not invent availability. Check the hotel's live reservation system or ask restaurant staff.

If a guest asks about a policy that depends on the booking rate, verify the reservation details before giving a definitive answer.

If information is not present in the hotel knowledge base, the assistant should say that it does not have enough information and recommend contacting reception or the responsible department.

24. Sample Guest Scenarios

Scenario A: A guest arrives at 11:00 AM and asks for immediate room access. Reception should check room readiness and explain that early check-in is subject to availability.

Scenario B: A guest asks for a vegetarian dinner. Reception can explain that vegetarian options are available and direct the guest to Azure Table.

Scenario C: A guest reports a serious food allergy. Reception should not make a safety guarantee; the guest should be connected to restaurant management.

Scenario D: A guest asks whether a cancellation is refundable. Reception should check the reservation's rate and cancellation terms before answering.

25. Internal Contact & Escalation Map

Reception: general guest assistance, check-in/check-out, transportation coordination, wake-up calls, and general hotel information.

Restaurant team: menu, table reservations, food preparation questions, dietary requests, and restaurant complaints.

Housekeeping: room cleaning, towels, linen, and selected guest-room requests.

Maintenance: air-conditioning, plumbing, electrical, and equipment issues.

Duty manager: escalations, serious complaints, safety matters, exceptions requiring management approval.

26. Knowledge Base Notes for the AI Assistant

This document is synthetic training data created for a RAG demonstration. It is not a real hotel's policy and should not be used for real-world decisions.

The assistant should answer only from retrieved context when the user asks about hotel-specific facts. If the retrieved context does not support an answer, it should clearly state that the information is unavailable.

When answering, the assistant should preserve important conditions such as 'subject to availability', 'depends on booking terms', and 'confirm with staff'. It should not turn conditional information into absolute promises.

Structured Quick Reference

Category	Value
Hotel	Azure Haven Hotel & Bistro
Address	18 Marina View Road, Kochi, Kerala, India
Rooms	72
Check-in	2:00 PM
Check-out	11:00 AM
Breakfast	7:00 AM–10:30 AM weekdays; 7:00 AM–11:00 AM weekends
Lunch	12:30 PM–3:30 PM
